FULL-TIME TEACHER OF BUSINESS STUDIES, ICT and COMPUTING MPS/UPS

Required for January 2018, we are looking for a dynamic and enthusiastic teacher with a proven track record of excellent results who has the drive, ambition and commitment to join our Design and Enterprise team.

The person appointed will be expected to:

- Plan, promote, support and monitor Business Studies as a subject at KS4 and 5 and to ensure high standards of attainment in the subject for all our students.
- Review, develop and coordinate your teaching of Business Studies at Key Stage 4 and 5 including at all levels of qualifications, Computing at Key Stage 4 and ICT at Key stage 3.
- Ensure that Teaching and Learning is fully planned to meet both short and long term progression in pupils' learning in all classes.
- Organising and maintaining a high standard of learning environment.
- Provide clear structures for lessons, in the short, medium and long-term, which maintain pace, motivation and challenge for students which lead to excellent outcomes.
- Utilise excellent behaviour for learning strategies where required, focusing on the need to praise.
- Evaluate your own teaching critically, and use this to improve effectiveness.
- Assess and record each students' progress systematically, provide constructive oral and written feedback, setting targets for student progress in line with department and school policies.
- Be familiar with the statutory assessment and reporting requirements, knowing how to prepare and present information to parents.
- Set a good example to students through presentation, personal and professional conduct.
- Understand your professional responsibilities in relation to school policies and practices.
- Carry out any other duties as reasonably requested by the Head Teacher.

THE DESIGN AND ENTERPRISE CURRICULUM AREA

With our six purpose-built ICT suites and our curriculum network uses Windows 7 with a range of other software packages including Adobe, Python and Sketch Up. We are committed to ensuring students in all Key Stages become discriminating and creative users of computers and we are constantly developing ways to raise standards in all subjects through the use of ICT. Our focus on assessment and monitoring progress of students is paramount to ensure a clear drive on improvement.

The current curriculum offer is both broad and diverse and all key stages in Computing, Business Studies and ICT.

Miss Sarah Bulley
Curriculum Leader – Design and Enterprise
