

 **SOUTH WIRRAL HIGH SCHOOL**
A Visual & Performing Arts, Maths & Computing College

EXTRA CURRICULAR ACTIVITIES

2018-19

Have you ever thought you would like to join a regular club to...

- Meet other students who share the same interests?
- Gain extra help in subject areas you find difficult?
- Develop your talents even further in subjects you achieve high grades in?

Then now is your opportunity!

If you are interested in going along to any of the clubs listed in this booklet, see the member of staff involved.

Don't feel that if you miss a session you can't go along again, there may be the opportunity to join in at any time throughout the term. But remember, you will only improve if you are committed.

Many other subject specific clubs are timetabled at various times throughout the year by arrangement with staff - these will be advertised in department areas, on Moodle and through student notices. These include Mrs Connelly's Food Technology groups, and Mr Stewart's 'Tech Team'. See either member of staff for more information.

NOTE: A first aider will always be available in school until 4pm, but may not be available after this time.

MONDAY
